ORGANEXPORT N 12

ORGANIC NITROGEN FERTILISER
mixture of organic fertilisers
N+C 12+40

Provides a high content of organic nitrogen (N) with gradual release from natural horn, meat meal and feather

Supplies a significant amount of biologically active organic carbon (C)

Promotes balanced and constant growth in all crops

ORGANEXPORT N 12

Characteristics

ORGANEXPORT N 12 is an organic nitrogen fertiliser, formulated from a balanced mixture of horn meal, meat meal and feathers, raw materials from animal origin, rich in scleroproteins and characterised by a high protein content. The raw materials are subjected to a thorough thermal sterilisation process, followed by a grinding phase. The organic fraction, consisting mainly in proteins, provides 12% organic nitrogen with slow release (3-6 months), which guarantees a constant and prolonged supply. Thanks to these properties, **ORGANEXPORT N 12** is particularly suitable for basal fertilisation and pre-sowing of autumn-winter cereals and spring grasses. It can also be used in fruit growing and nurseries, where nitrogen supply is a determining factor for constant and balanced plant growth.

Composition

	w/w
Organic nitrogen (N)	12.0%
Organic matter	80.0%

	w/w
Organic carbon (C)	40.0%

Components

ORGANIC FERTILISERS:
Feather meal
Meat meal
Bovine horns and nails

It can also be used in fertilization plans that benefit from incentives provided by local regulations and regional, national, and European laws.

Doses and Instructions

CROPS	APPLICATION RATES Kg/ha
Fruit trees	400-500 during planting, pre-vegetative growth phase, and post-harvest
Horticultural crops	500-650 pre-sowing or transplanting
Ornamental crops	300-400 pre-sowing or transplanting
Industrial crops	500-600 pre-sowing or transplanting
Fresh-cut produce crops	350-450 pre-sowing

* Suggested application rates are indicative and may vary depending on local conditions and crop needs.

Formulation	Packaging	Diameter	Umidity
Micropellet	25 -500 kg	3 - 4 mm	< 10%

Warnings

The product should be incorporated into the soil, ensuring it does not come into direct contact with the plant. Store in a weather-protected area.
